ARTICLE 5

Permanent establishment

(1) For the purposes of this Convention, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

(2) The term "permanent establishment" includes especially:

- (a) a place of management;
 - (b) a branch;
 - (c) an office;
 - (d) a factory;
 - (e) a workshop;
 - (f) an installation or structure for the exploration of natural resources;

- (a) a building site, a construction, assembly or installation project or supervisory activities in connection therewith, but only if such site, project or activities last more than six months;
 - (b) the furnishing of services, including consultancy services, by an enterprise through employees or other personnel engaged by the enterprise for such purpose, but only where activities of that nature continue (for the same or connected project) within the Contracting State for a period or periods aggregating more than 183 days in any twelve-month period commencing or ending in the fiscal year concerned.
- (4) Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include:

- (5) Notwithstanding the provisions of paragraphs (1) and (2) of this Article, where a person - other than an agent of an independent status to whom paragraph (6) of this Article applies - is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts on behalf of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph (4) of this Article which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.
- (6) An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.
- (7) The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

ARTICLE 6

Income from immovable property

(1) Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.

(2) The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships and aircraft shall not be regarded as immovable property.

(3) The provisions of paragraph (1) of this Article shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

(4) The provisions of paragraphs (1) and (3) of this Article shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

ARTICLE 7

Business profits

(1) The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

(2) Subject to the provisions of paragraph (3) of this Article, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

(3) In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the Contracting State in which the permanent establishment is situated or elsewhere. However, no such deduction shall be allowed in respect of amounts, if any, paid (otherwise than towards reimbursement of actual expenses) by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees or other similar payments in return for the use of patents or other rights, or by way of commission, for specific services performed or for management, or, except in the case of a banking enterprise, by way of interest on moneys lent to the permanent establishment. Likewise, no account shall be taken, in the determination of the profits of a permanent establishment, for amounts charged (otherwise than towards reimbursement of actual expenses), by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees or other similar payments in return for the use of patents or other rights, or by way of commission for specific services performed or for management, or, except in the case of a banking enterprise by way of interest on moneys lent to the head office of the enterprise or any of its other offices.

(4) No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

(5) For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

(6) Where profits include items of income or capital gains which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

ARTICLE 8

Shipping and air transport

(1) Profits of an enterprise of a Contracting State from the operation of ships or aircraft in international traffic shall be taxable only in that State.

(2) For the purposes of this Article, profits from the operation of ships or aircraft in international traffic include:

- (a) profits from the rental on a bareboat basis of ships or aircraft; and
- (b) profits from the use, maintenance or rental of containers (including trailers and related equipment for the transport of containers) used for the transport of goods or merchandise; where such rental or such use, maintenance or rental, as the case may be, is incidental to the operation of ships or aircraft in international traffic.

(3) The provisions of paragraph (1) of this Article shall also apply to profits from the participation in a pool, a joint business or an international operating agency, but only to so much of the profits so derived as is attributable to the participant in proportion to its share in the joint operation.

ARTICLE 9

Associated enterprises

(1) Where:

- (a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State; or
- (b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State;

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included by a Contracting State in the profits of that enterprise and taxed accordingly.

(2) Where a Contracting State includes in the profits of an enterprise of that State - and taxes accordingly - profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Convention and the competent authorities of the Contracting States shall if necessary consult each other.

ARTICLE 10

Dividends

(1) Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

(2) However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed:

(a) 5 per cent of the gross amount of the dividends if the beneficial owner is a company which controls, directly or indirectly, at least 25 per cent of the voting power in the company paying the dividends;

(b) 12 per cent of the gross amount of the dividends in all other cases.

(3) The term "dividends" as used in this Article means income from shares, or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident and also includes any other item which, under the laws of the Contracting State of which the company paying the dividend is a resident, is treated as a dividend or distribution of a company.

(4) The provisions of paragraphs (1) and (2) of this Article shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 15 of this Convention, as the case may be, shall apply.

(5) Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in that other State.

(6) The provisions of this Article shall not apply if it was the main purpose or one of the main purposes of any person concerned with the creation or assignment of the shares or other rights in respect of which the dividend is paid to take advantage of this Article by means of that creation or assignment.

ARTICLE 11

Interest

(1) Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

(2) However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the interest.

(3) The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures including premiums and prizes attaching to such securities, bonds or debentures. The term interest shall not include any item which is treated as a dividend under the provisions of Article 10 of this Convention.

(4) The provisions of paragraphs (1) and (2) of this Article shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 15 of this Convention, as the case may be, shall apply.

(5) Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

(6) Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest paid exceeds, for whatever reason, the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount of interest. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

(7) The provisions of this Article shall not apply if it was the main purpose or one of the main purposes of any person concerned with the creation or assignment of the debt-claim in respect of which the interest is paid to take advantage of this Article by means of that creation or assignment.

(8) Notwithstanding the provisions of paragraph (2) of this Article, interest arising in a Contracting State shall be exempt from tax in that State if it is paid to and beneficially owned by the Government of the other Contracting State, a local authority thereof, any agency or instrumentality wholly owned by that Government or local authority, or the Commonwealth Development Corporation or the Botswana Development Corporation.

(9) Notwithstanding the provisions of Article 7 of this Convention and paragraph (2) of this Article interest arising in a Contracting State and paid to a resident of the other Contracting State shall be taxable only in that other State if such a resident is the beneficial owner of the interest and the interest is paid in respect of a loan made, guaranteed or insured by the United Kingdom Exports Credit Guarantee Department or the Botswana Development Corporation or the Botswana Export Credit Insurance.

ARTICLE 12

Royalties

(1) Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

(2) However, such royalties may also be taxed in the Contracting State in which they arise and according to the laws of that State, but if the beneficial owner of the royalties is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the royalties.

(3) The term “royalties” as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work (including cinematograph films, and films, tapes or discs for radio or television broadcasting), any patent, trade mark, design or model, plan, secret formula or process, or for the use of or the right to use industrial, commercial or scientific equipment or for information (know-how) concerning industrial, commercial or scientific experience.

(4) The provisions of paragraphs (1) and (2) of this Article shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 15 of this Convention, as the case may be, shall apply.

(5) Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or fixed base in connection with which the liability to pay the royalties was incurred and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the Contracting State in which the permanent establishment or fixed base is situated.

(6) Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties paid exceeds, for whatever reason, the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

(7) The provisions of this Article shall not apply if it was the main purpose or one of the main purposes of any person concerned with the creation or assignment of the rights in respect of which the royalties are paid to take advantage of this Article by means of that creation or assignment.

ARTICLE 13

(1) Technical fees arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

(2) However, such technical fees may also be taxed in the Contracting State in which they arise and according to the law of that State, but if the beneficial owner of the technical fees is a resident of, and is subject to tax in respect of the technical fees in, the other Contracting State, the tax so charged shall not exceed 7.5 per cent of the gross amount of the technical fees.

(3) The term “technical fees” as used in this Article means payments of any kind to any person, other than to an employee of the person making the payments, in consideration for any services of an administrative, technical, managerial or consultancy nature.

(4) The provisions of paragraphs (1) and (2) of this Article shall not apply if the beneficial owner of the technical fees, being a resident of a Contracting State, carries on business in the other Contracting State in which the technical fees arise, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the technical fees are effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 15 of this Convention, as the case may be, shall apply.

(5) Technical fees shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the technical fees, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the obligation to pay the technical fees was incurred, and such technical fees are borne by that permanent establishment or fixed base, then such technical fees shall be deemed to arise in the Contracting State in which the permanent establishment or fixed base is situated.

(6) Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the technical fees paid exceeds, for whatever reason, the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

(3) Gains from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or of movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, including such gains from the alienation of such a permanent establishment (alone or with the whole enterprise) or of such fixed base, may be taxed in that other State.

(4) Gains derived by a resident of a Contracting State from the alienation of ships or aircraft operated in international traffic by an enterprise of that Contracting State or movable property pertaining to the operation of such ships or aircraft, shall be taxable only in that Contracting State.

(5) Gains from the alienation of any property other than that referred to in paragraphs (1), (2), (3) and (4) of this Article shall be taxable only in the Contracting State of which the alienator is a resident.

(6) The provisions of this Article shall not affect the right of a Contracting State to levy according to its law a tax chargeable in respect of gains from the alienation of any property on a person who is a resident of that State at any time during the fiscal year in which the property is alienated, or has been so resident at any time during the six fiscal years immediately preceding that year.

ARTICLE 15

Independent personal services

(1) Subject to the provisions of Article 13 of this Convention, income derived by a resident of a Contracting State in respect of professional services or other activities of an independent character shall be taxable only in that State unless he has a fixed base regularly available to him in the other Contracting State for the purpose of performing his activities. (2) Where income in respect of personal activities exercised by an entertainer or a sportsperson in his capacity as such accrues not to the entertainer or sportsperson himself but to another person, that income may, notwithstanding the provisions of Articles 7, 15 and 16 of this Convention, be taxed in the Contracting State in which the activities of the entertainer or sportsperson are exercised.

(3) The provisions of paragraphs (1) and (2) of this Article shall not apply to income derived from activities performed in a Contracting State by entertainers or sportspersons if the visit to that State is wholly or substantially supported by public funds. (i) is a national of that State; or

(ii) did not become a resident of that State solely for the purpose of rendering the services.

(2) (a) Any pension paid by, or out of funds created by, a Contracting State or a political subdivision or a local authority thereof to an individual in respect of services rendered to that State or subdivision or authority shall be taxable only in that State.

(3) The provisions of Articles 16, 17, 18 and 19 of this Convention shall apply to salaries, wages and other similar remuneration, and to pensions, in respect of services rendered in connection with a business carried on by a Contracting State or a political subdivision or a local authority thereof.

ARTICLE 21

Payments which a student or business apprentice who is or was immediately before visiting a Contracting State a resident of the other Contracting State and who is present in the first-mentioned State solely for the purpose of his education or training receives for the purpose of his maintenance, education or training shall not be taxed in that first-mentioned State, provided that such payments arise from sources outside that State.

ARTICLE 22

Other income

(1) Items of income of a resident of a Contracting State wherever arising not dealt with in the foregoing Articles of this Convention shall be taxable only in that State.

(2) The provisions of paragraph (1) of this Article shall not apply to income, other than income from immovable property as defined in paragraph (2) of Article 6 of this Convention, if the recipient of such income, being a resident of a Contracting State, carries on business in the other Contracting State through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the income is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 15 of this Convention, as the case may be, shall apply.

(3) Notwithstanding the provisions of paragraphs (1) and (2), items of income of a resident of a Contracting State not dealt with in the foregoing Articles of the Convention and arising in the other Contracting State may also be taxed in that other State.

(4) Where, by reason of a special relationship between the person referred to in paragraph (1) of this Article and some other person, or between both of them and some third person, the amount of the income referred to in that paragraph exceeds the amount (if any) which would have been agreed upon between them in the absence of such a relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such a case, the excess part of the income shall remain taxable according to the laws of each Contracting State, due regard being had to the other applicable provisions of this Convention.

(5) The provisions of this Article shall not apply if it was the main purpose or one of the main purposes of any person concerned with the creation or assignment of the rights in respect of which the income is paid to take advantage of this Article by means of that creation or assignment.

ARTICLE 23

Elimination of double taxation

(1) In the case of Botswana, double taxation shall be avoided as follows:

subject to the provisions of the law of Botswana regarding the allowance of a credit against Botswana tax of tax payable under the laws of a country outside Botswana, United Kingdom tax payable under the laws of the United Kingdom and in accordance with this Convention, whether directly or by deduction, on profits, income or chargeable gains liable to tax in the United Kingdom shall be allowed as a credit against any Botswana tax payable in respect of the same profits, income or chargeable gains by reference to which the United Kingdom tax is computed. However, the amount of such credit shall not exceed the amount of the Botswana tax payable on that profits, income or chargeable gains in accordance with the laws of Botswana.

(2) Subject to the provisions of the law of the United Kingdom regarding the allowance as a credit against United Kingdom tax of tax payable in a territory outside the United Kingdom (which shall not affect the general principle hereof):

(a) Botswana tax payable under the laws of Botswana and in accordance with this Convention, whether directly or by deduction, on profits, income or chargeable gains from sources within Botswana (excluding in the case of a dividend, tax payable in respect of the profits out of which the dividend is paid) shall be allowed as a credit against any United Kingdom tax computed by reference to the same profits, income or chargeable gains by reference to which the Botswana tax is computed;

(b) in the case of a dividend paid by a company which is a resident of Botswana to a company which is a resident of the United Kingdom and which controls directly or indirectly at least 10 per cent of the voting power in the company paying the dividend, the credit shall take into account (in addition to any Botswana tax for which credit may be allowed under the provisions of sub-paragraph (a) of this paragraph) the Botswana tax payable by the company in respect of the profits out of which such dividend is paid.

(3) For the purposes of paragraph (2) of this Article, where a development approval order is made under Section 52 or a tax agreement is entered into under Section 54 of the provisions of the Income Tax Act of Botswana, the term "Botswana tax payable" shall, subject to the mutual agreement of the competent authorities in each such case, be deemed to include the whole or part of any amount which would have been payable as Botswana tax for any year but for an exemption or reduction of tax granted for that year or any part thereof under the order or tax agreement in question.

(4) Relief from United Kingdom tax by virtue of paragraph (3) of this Article shall not be given where the profits, income or chargeable gains in respect of which tax would have been payable but for the exemption or reduction of tax granted under the provisions referred to in that paragraph arise or accrue more than twelve years after the date on which this Convention enters into force.

(5) The period referred to in paragraph (4) of this Article may be extended by agreement between the Contracting States.

(6) For the purposes of paragraphs (1) and (2) of this Article, profits, income and capital gains owned by a resident of a Contracting State which may be taxed in the other Contracting State in accordance with this Convention shall be deemed to arise from sources in that other Contracting State.

ARTICLE 24

Limitation of relief

Where under any provision of this Convention any income or gains are relieved from tax in a Contracting State and, under the law in force in the other Contracting State a person, in respect of that income or those gains, is subject to tax by reference to the amount thereof which is remitted to or received in that other Contracting State and not by reference to the full amount thereof, then the relief to be allowed under this Convention in the first-mentioned Contracting State shall apply only to so much of the income or gains as is taxed in the other Contracting State.

ARTICLE 25

Non-discrimination

(1) Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances, in particular with respect to residence, are or may be subjected.

(2) The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities.

(3) Except where the provisions of paragraph (1) of Article 9, paragraph (6) of Article 10, paragraph (6) or (7) of Article 11, paragraph (6) or (7) of Article 12, paragraph (6) or (7) of Article 13 or paragraph (4) or (5) of Article 22 of this Convention apply, interest, royalties, technical fees and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State.

(4) Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.

(5) Nothing contained in this Article shall be construed as obliging either Contracting State to grant to individuals not resident in that State any of the personal allowances, reliefs and reductions for tax purposes which are granted to individuals so resident.

(6) The provisions of this Article shall apply to the taxes which are the subject of this Convention.

ARTICLE 26

Mutual agreement procedure

(1) Where a resident of a Contracting State considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Convention, he may, irrespective of the remedies provided by the domestic law of those States, present his case to the competent authority of the Contracting State of which he is a resident or, if his case comes under paragraph (1) of Article 25 of this Convention, to that of the Contracting State of which he is a national.

(2) The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with this Convention.

(3) The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of this Convention.

(4) The competent authorities of the Contracting States may communicate with each other directly for the purpose of reaching an agreement in the sense of the preceding paragraphs.

ARTICLE 27

Exchange of information

(1) The competent authorities of the Contracting States shall exchange such information as is foreseeably relevant for carrying out the provisions of this Convention or to the administration or enforcement of the domestic laws of the Contracting States concerning taxes covered by this Convention insofar as the taxation thereunder is not contrary to this Convention, in particular, to prevent fraud and to facilitate the administration of statutory provisions against legal avoidance. The exchange of information is not restricted by Article 1 of this Convention.

(2) Any information received under paragraph (1) of this Article by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment or collection of, the enforcement or prosecution in respect of, the determination of appeals in relation to the taxes covered by this Convention, or the oversight of the above. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions.

(3) In no case shall the provisions of paragraphs (1) and (2) of this Article be construed so as to impose on a Contracting State the obligation:

- (a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;
- (b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;
- (c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information the disclosure of which would be contrary to public policy.

(4) If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall use its information gathering measures to obtain the requested information, even though that other State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations of paragraph (3) of this Article but in no case shall such limitations be construed to permit a Contracting State to decline to supply information solely because it has no domestic interest in such information.

(5) In no case shall the provisions of paragraph (3) of this Article be construed to permit a Contracting State to decline to supply information solely because the information is held by a bank, other financial institution, nominee or person acting in an agency or a fiduciary capacity or because it relates to ownership interests in a person.

(6) The competent authorities shall, through consultation, develop appropriate conditions, methods and techniques concerning the matters respecting which such exchange of information shall be made.

ARTICLE 28

Members of diplomatic or permanent missions and consular posts

Nothing in this Convention shall affect the fiscal privileges of members of diplomatic or permanent missions or consular posts under the general rules of international law or under the provisions of special agreements.

ARTICLE 29

Entry into force

(1) Each of the Contracting States shall notify to the other, through diplomatic channels, the completion of the procedures required by its law for the bringing into force of this Convention. This Convention shall enter into force on the date of the later of these notifications and shall thereupon have effect:

(a) in Botswana:

(ii) in respect of corporation tax, for any financial year beginning on or after 1st April in the calendar year next following that in which this Convention enters into force.

(2) The Convention between the United Kingdom and Botswana signed at London on 5th October, 1977 shall terminate and cease to be effective from the date upon which this Convention has effect in respect of the taxes to which this Convention applies in accordance with the provisions of paragraph (1) of this Article.

ARTICLE 30

Termination

This Convention shall remain in force until terminated by one of the Contracting States. Either Contracting State may terminate this Convention, through diplomatic channels, by giving notice of termination at least six months before the end of any calendar year beginning after the expiry of five years from the date of entry into force of this Convention. In such event, this Convention shall cease to have effect:

(a) in Botswana:

in respect of income tax and capital gains tax, on taxable income and gains derived on or after 1st July of the year next following that in which the notice of termination is given;
